| ① Unidentified Female Voter | came in approx. 4:10 | | stating not registered but would like to vote. We informed her that we would call to verify if special ballot needed + she said that it was not a problem + that she would return shortly. She returned @ 4:45 + we proceeded to give her affidavit envelope w/instruction. She voiced concern that her info would be used to register her. We told her it would not, but in the event she received notice of registration, she could call BOFE + asked to be removed from the rolls. She felt she "found the loophole" + said she did not want to vote. (P) | | | | | | | | | | | | |
